

INVITATION TO FJORDSTEAM BERGEN - AUGUST 4-7, 2022

Fjordsteam Bergen AS is a non-profit organization owned by relevant historic societies and organizations pertaining to the preservation of, and information about our technical heritage. By organizing the Fjordsteam festival frequently, the Fjordabaatane, Bergen Brandkorps Historielag, Bergen Veteranvogn Klubb og Tide Veteranbusser aims to attract the interest of the public. All work is done on a volunteer basis by the members of the above mentioned organizations.

Utilizing Bergens unique and central position, as well as its large harbor situated in the heart of the city, we aim to attract and include people of all generations to enjoy our movement. We aim to make Fjordsteam attractive enough to gather a wide representation of the heritage fleet in Norway and abroad. This, combined with the presence of most other objects of self-powered cultural heritage, such as aircraft, vehicles, steam trains and street cars, makes Fjordsteam one of the biggest such festivals in Europe. It is all made possible with financial resources made available from public and private grants, with City of Bergen and Vestland County as our major contributors

Even though most of the inner harbor stands at our disposal, we have limited space. Hence, we encourage all who wish to participate with their vessel, to register at their earliest convenience, but no later than April 1, 2022. Please register using the attached registration form, or electronically on our website; fjordsteam.no. A representative photo of the vessel must accompany your registration.

Please find out tentative program attached. The day to day itinerary will change as we move along. We encourage you to check in on our website for updates from time to time.
